

Rulers

Below are a selection of rulers, ideal for use in evidence photos. Measurements are in both inches and millimetres, and crosshair circles assist in photogrammetry corrections.

Magnetic Rulers

Available in black with white markings, or white with black markings. The rear surface is fully magnetic, and there is a blank area at the centre of each ruler to write relevant information such as initials or case number. 150mm/6 inches in length.

Black

code: 06-0001

£4.00 + VAT

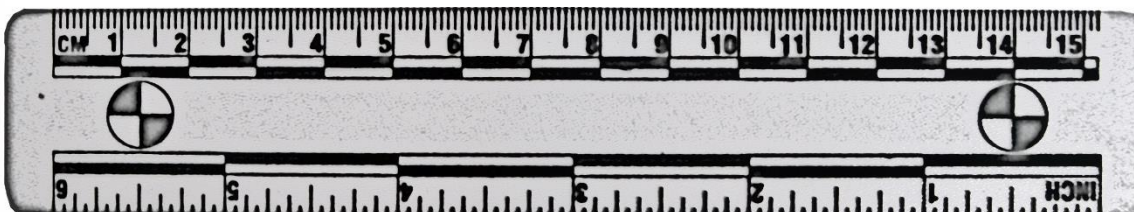

White

code: 06-0002

£4.00 + VAT

Plastic Rulers

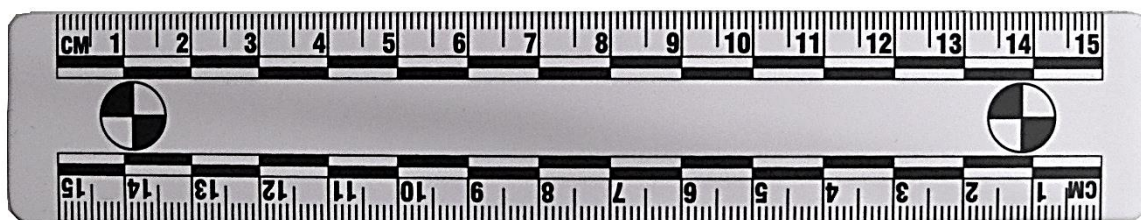

Available in clear or white, both with black markings. There is a blank area at the centre of each ruler to write relevant information such as initials or case number. 150mm/6 inches in length.

Clear

code: 06-0003

£3.50 + VAT

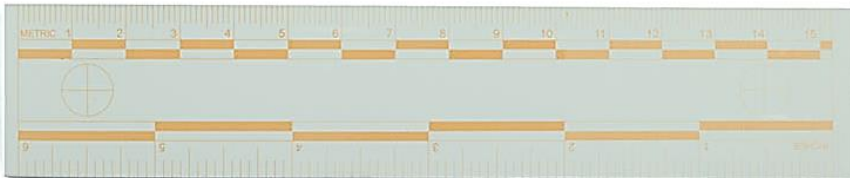

White

code: 06-0004

£3.50 + VAT

Plastic Fluorescent Rulers

Available in white with orange markings, straight (150mm) or angled (8mm x 8mm). There is a blank area at the centre of the straight ruler to write relevant information such as initials or case number.

Straight

code: 06-0005

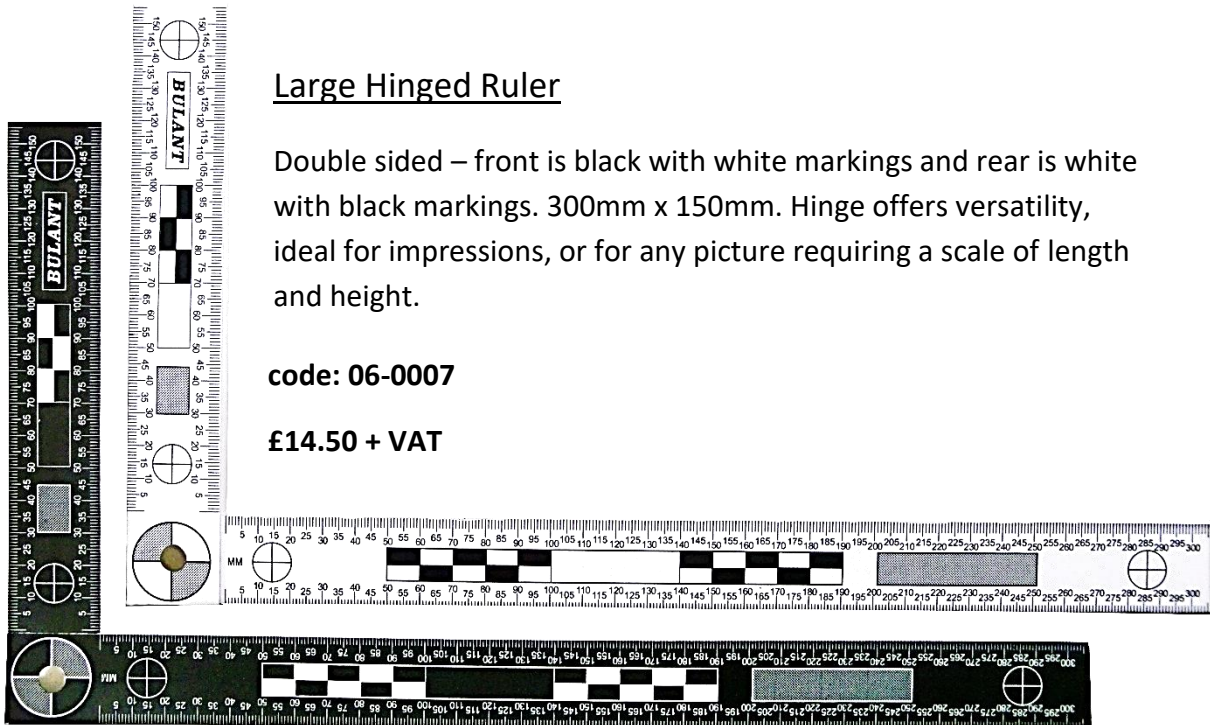

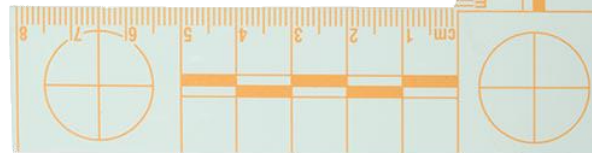

£4.00 + VAT

Angled

code: 06-0006

£4.00 + VAT

Large Hinged Ruler

Double sided – front is black with white markings and rear is white with black markings. 300mm x 150mm. Hinge offers versatility, ideal for impressions, or for any picture requiring a scale of length and height.

code: 06-0007

£14.50 + VAT

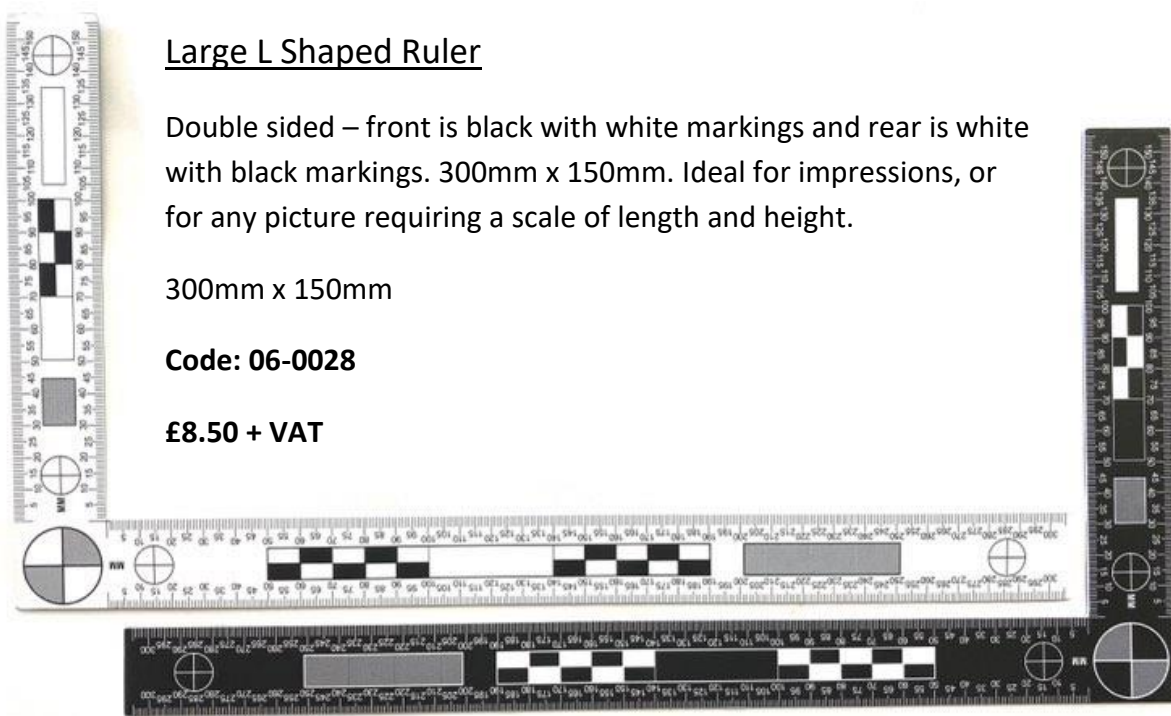

Large L Shaped Ruler

Double sided – front is black with white markings and rear is white with black markings. 300mm x 150mm. Ideal for impressions, or for any picture requiring a scale of length and height.

300mm x 150mm

Code: 06-0028

£8.50 + VAT

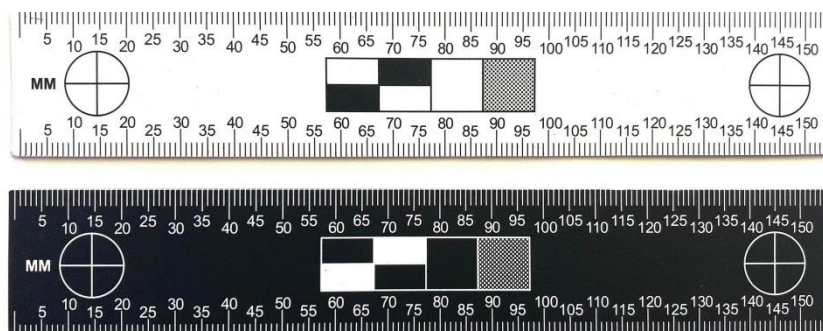

Double Sided Plastic Rulers

One side is black, the other is white. There is a blank area on each ruler to write relevant information such as initials or case number. 150mm/6 inches in length.

Code: 06-0026

£4.00 + VAT

2 Metre Folding / Hinged Ruler

This sturdy ruler folds down easily for transportation, and the hinged design adds to the versatility when taking measurements at a scene.

Code: 06-0027

£19.50 + VAT
